追蹤碼在這裡

The screenshot shows the Green Point app interface. At the top, there's a promotional banner for "淨零綠生活" (Zero Carbon Green Life) with a "同場加映" (Bonus) offer: new members can enter a friend's referral code and bind at least one device to get 2,000 green points. Below the banner is the main title "環保集點" (Green Point Collection) and a tagline "加入環保集點，響應淨零綠生活" (Join Green Point Collection, Respond to Zero Carbon Green Life). The app interface is divided into sections:

- 會員註冊SOP (Membership Registration SOP):** This section shows four steps: 1. 下載 (Download) - Scanning the QR code to download the app; 2. 註冊 (Register) - Opening the app and selecting "Register"; 3. 輸入 (Input) - Reading the terms and conditions, agreeing, and entering member information before clicking "Register"; 4. 驗證 (Verification) - Receiving a verification code via SMS and entering it to complete the registration.
- 成為企業/機關推廣會員 (Become an Enterprise/Agency Promotional Member):** This section shows four steps: 1. 登入 (Log In) - Logging in with account and password; 2. 點選 (Select) - Selecting "Join Points" on the home screen; 3. 掃描 (Scan) - Scanning the QR code or entering the invitation code "BK2RD5"; 4. 完成 (Complete) - Showing the successful collection completion screen.

In the bottom right corner of the screenshot, the tracking code "BK2RD5" is displayed next to a QR code.
